L.S.

Foundation Witte Velden in een donkere wereld (White Fields in a Dark World) was founded in 1975 for the benefit of a missionary, who at that time worked in Benin as part of the Sudan Interior Mission, now Serving In Mission (SIM). The foundation has not only played an active role with regard to her, but others have also ended up in the work of the Lord through advice and support from and through the foundation. The purpose of the foundation is to advise and support in as broad a field as possible, so that the Gospel of Jesus Christ can be made known.

After getting acquainted, the board decided to receive the donations intended for Naomi Spijkstra through Stichting Witte Velden. She will explain for herself what she sees as her vocation and how she wants to give shape to it.

If you decide to support Naomi Spijkstra you can transfer your donations to **NL89INGB0001485137** in the name of **Stichting Witte Velden** in **Hilversum** stating:

04 Eye for Angola (Do not mention Naomi Spijkstra) and your **zip code** and **house number**.

For donations from abroad to Foundation 'Witte Velden' the Biccode/Swift: **INGBNL2A** must also be mentioned.

Of course prayer has priority for Naomi Spijkstra and her work.

Through the above, however, we hope to have made things practically clear.

Looking forward to your reactions, we thank you in advance, also on behalf of Naomi, very warmly.

The Lord bless you.

W.Nelisse (secretary)
